## Top Builders

We honor Colorado's talented builders, the intrepid craftspeople working rain or shine, and bringing you the beautiful homes seen in *Colorado Homes & Lifestyles*. The list was compiled from recommendations from photographers, designers, homeowners and our staff. Firms that have been featured in *CH&L* from 2022 to present receive a special designation. Businesses that have been featured in *CH&L* but are based outside the state appear at the end of the list. For firms that have multiple locations, we feature the address of their main office.

» In this Steamboat Springs home, Gerber Berend Design Build created a traditional farmhouse structure with add-ons giving the illusion of a building expanded over time. Historic gable forms are mixed with contemporary detailing including fir columns and snow rails on the roof.
